**JUSTFISH**  
BY EASTERN FISH CO.

**T T U G H**

## Your Global Seafood Source

Eastern Fish Co. began in 1974, primarily as a fish and crab trading company sourcing products from Alaska and Canada. By 1982 we re-directed our focus to the burgeoning farm-raised shrimp industry and began supplying fresh, consistent, premium quality shrimp.

In April of 2014 Eastern Fish took on a financial partner - Marubeni Corporation. This new partner will further strengthen our global programs and allow us to expand our global network to cover Japan, Europe and the U.S. The company will continue to have strong relationships with producers in Alaska, Asia, and South America, and will cover the entire seafood supply chain from production to sales of final products. Eastern Fish Company remains a family run and operated company.

Today we are one of the world's largest importers and marketers of shrimp.

### **Marubeni Group**

To serve our loyal customers, we maintain quality control offices in Thailand, Ecuador, China and Mexico, as well as sales offices in California, Florida, Massachusetts, an international sales office in Belgium and our headquarters is located in New Jersey. Because we are in a global industry, we've developed enduring relationships and partnerships with production, processing and packing facilities from Honduras to Thailand, from Mexico to Peru, from Ecuador to Indonesia and in many other countries best situated to meet the demands of a global marketplace.
